Programme "UA NEXT“ for Ukrainians in Poland

UA NEXT is a leadership and capacity-building program for Ukrainians living in Poland, designed to empower a new generation of community leaders.

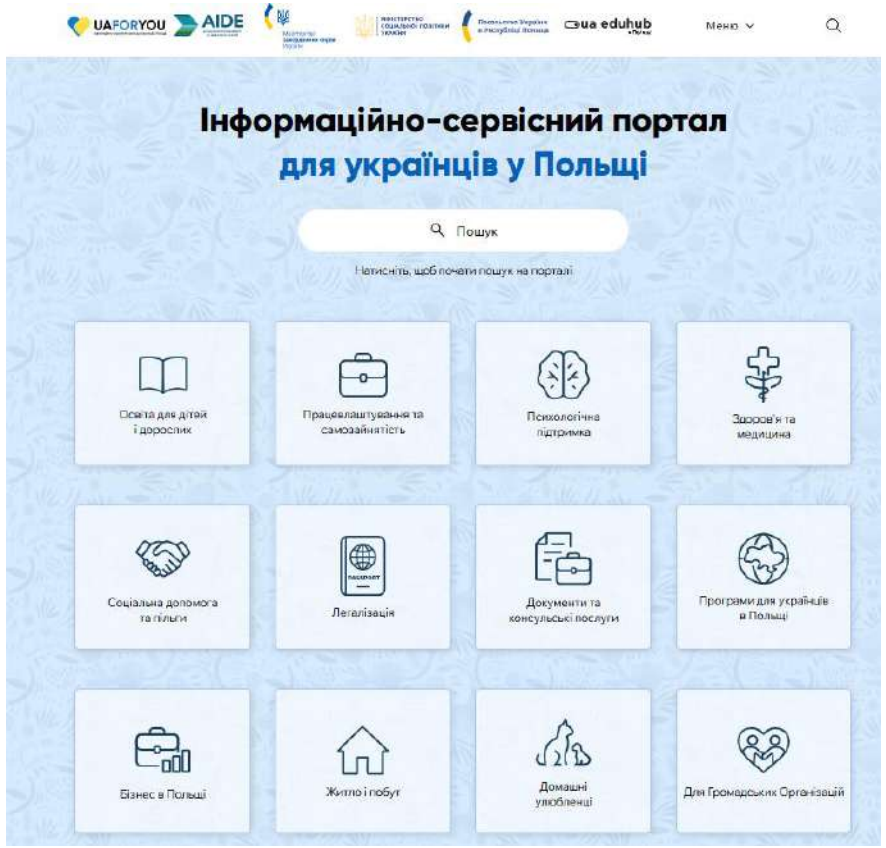

The project equips participants with practical skills in communication, cultural diplomacy, countering disinformation, and partnership development.

Through an intensive learning journey that combines expert-led sessions and hands-on assignments, participants develop the ability to design and implement impactful community initiatives.

National Portal for Ukrainians in Poland **https://poland.uaforyou.org**

- **Mission:** Creation a national online platform providing Ukrainians in Poland with centralized access to essential information
- **Key results:**

➢ Structured and published verified content covering legalization, employment, housing, healthcare, education, and social support (130+ articles in 12 sections)
➢ Enabled easy navigation by topic, region, and city, helping users quickly find relevant services and institutions
➢ Developed clear step-by-step guides, official contacts, and ready-to-use document templates
➢ Ensured reliability of information by using official sources and regularly updating content
➢ Strengthened connection with Ukraine by promoting Ukrainian schools, cultural events, and communities in Poland
➢ Provided 24/7 access to information in Ukrainian, supporting integration and daily life across all regions of Poland

Project “Stepping into a job”

www.Steptojob.org

- **Mission:** To empower Ukrainian youth in Poland and Germany to confidently enter the European labour market by providing practical career guidance, access to opportunities, and the knowledge needed to make informed decisions about their future.

www.Steptojob.org is a comprehensive digital ecosystem that supports Ukrainian youth aged 16-24 in planning their career path in Europe. The platform offers, among other things, a professional aptitude test, a personalized step-by-step career map, the opportunity to create an interactive resume and preparation for your first job. In addition, it helps you better understand the Polish and German labor markets thanks to five educational modules and over 50 career paths tailored to your competencies and interests. We also provide access to free legal and career support so that young people can navigate the labor market safely and confidently.

The Lingva Polska platform was created to:

- Help Ukrainians overcome the language barrier (over 35 000 people have been registered on the platform);
- Provide an opportunity to find decent work in Poland;
- Start a new life and grow in a new country.

The platform offers free courses at levels A1, A2, B1, B1+, B2 based on the unique methodology of Ukrainian polyglot and psycholinguist Vitaliy Zubkov, who speaks over 20 languages.

What can you find on Lingva Polska?

- 30,000 different exercises;
- Popular phrases for daily use;
- Stylish visualizations;
- Dialogues voiced by professional native speakers;
- Video instructions for learning.
